VOLUME XV. NUMBER 34

ADA, OKLAHOMA, MONDAY, APRIL 22, 1918.

TWO CENTS THE COPY.

Store opens 7:30; closes 6 o'clock; Daylight Saving Time.

DON'T SAY JUST "DRESS GOODS"

When you step into our store and want to inspect the newest and best creations the designers of dress materials and fabrics can conceive, don't say just "Dress Goods" to the saleslady—ask for.

LaPorte Dress Goods

For in this line is embodied all the desirable features that go to make up a satisfactory purchase. Our Showing in LaPorte Silks is a wonderful exhibit of dainty colorings and shimmering weaves that will arouse your enthusiasm the minute you see them. The Wash Goods Section is unusually rich in ideas this season—interesting patterns and durable materials that will make each purchase a lasting pleasant recollection. And if you want material for a new suit or coat, be sure to inspect our wool goods—the line is unusually complete for Spring and Summer, with handsome novelty effects and durable staples.

LaPorte Dress Materials represent the utmost in economy for the thrifty buyer. They are manufactured with a care and attention to style and detail that leaves nothing to be desired in the way of quality, and the prices are surprisingly low. A full line now awaits your inspection.

STEVENS-WILSON CO.

WILL RUSH WHEAT TO THE BELGIANS

GAME FIGHT BY AMERICANS

(By the Associated Press)
Washington, April 22.—Food shipments to civilian populations of the allied countries will be suspended for ten days to allow movement of 3,000,000 bushels of grain to the Belgians, who are declared to be in desperate straits.

APRIL 27 DESIGNATED SPECIAL DAY IN OKLAHOMA FOR McDADOO

Oklahoma City, Ok., April 22.—Secretary McDadoo will visit Oklahoma City, has been designated by Governor Williams for special observance, and state offices will be closed for the day. April 26 has been named by President Wilson for the people to observe in the interest of the Liberty loan, and the Governor had previously proclaimed that day for a like observance. Since then Secretary McDadoo found he could not reach Oklahoma City on April 26, as first intended, but would get here the next day.

A PRIL showers may dampen your ardor, but they do not interfere with the making of portraits—ALL weathers are alike to us.

GERMANS OUSTED FROM THEIR CAPTURED POSITIONS

TRouble WITH IRISH BREWING

MILITARY AUTHORITIES SEIZE
ARMS AND HOLD PUBLIC
UTILITIES.

(By the Associated Press)
London, April 22.—Military authorities have taken over control of the principal Irish railways, postoffices and telephone exchanges, according to the Daily Chronicle's Cork correspondent. He adds that the police Saturday removed all arms and ammunition from gunsmith shops in Dublin and it is reported similar action is to be taken throughout Ireland.

GEORGE N. PECK

REGAIN LOST POSITIONS. GER-
MANS CLAIM CAPTURE OF
183.

(By the Associated Press)

With the American Army in France, April 21.—After the heavy German attack of yesterday the American main positions remained intact, and this morning after a brief bombardment the American troops attacked and drove the enemy out of the old outposts which they had gained, thus breaking down an offensive which it is believed was intended as the beginning of a German plan to separate the Americans and French.

There was a comprehensive lull today along the sector northwest of Toul. The Americans engaged in the terrific hand-to-hand fighting yesterday showed the most daring bravery, stories of which are already being recounted.

As indicating the violence of the offensive, French ambulance men who went through the famous battle of Verdun declared today that comparatively speaking the German artillery fire against the Americans was heavier than any single engagement on the Verdun front at any time.

Germans Claim Capture.
Berlin, April 22.—The capture of 183 American prisoners and 25 machine guns by the Germans was claimed in tonight's official report. The Americans sustained heavy losses, the statement adds. The Germans claimed to have penetrated American lines at Seicheprey to the depth of a mile and a quarter.

**VOTERS MAY REGISTER
FROM MAY 1 TO 10**

J. A. Cowling of Stonewall, registration officer of Pontotoc county, advises that the registration books will be open from May 1 to 10. All who have moved their residence from one voting precinct to another, moved into the state or have become of age since the last registration or have changed their politics must register. Any others, especially those who have lost their registration certificates may register and in view of the fact that the records of the previous registration were lost in the court house fire, Mr. Cowling is anxious that a complete registration be made at this time, every man registering again, whether compelled by law to do so or not. It will remove all chances of complications. This applies to both towns and rural districts.

John W. Beard is the registrar for Ward 1 of Ada, T. O. Collins, ward 2; George Young, ward 3. The registrar for the Fourth Ward is yet to be appointed.

**EARTHQUAKE DAMAGES
CALIFORNIA TOWNS**

(By the Associated Press)

Los Angeles, April 22.—Over one-third of the business districts of San Jacinto and Hemet, towns of about 1,000 inhabitants each, in Riverside county, were in ruins today as the result of the earthquake which shook all southern California yesterday afternoon. Property damage estimated about \$150,000. Although many had narrow escapes only one man is known to be dead.

For the convenience of the public the News is carrying on sale a supply of Thrift Stamps and War Savings Certificates.

AMERICANS FIGHT FIERCELY.
ATTACKS ON OTHER FRONTS
CEASE.

(By the Associated Press)
Having withstood a violent German attack in force, the American forces northwest of Toul have driven the enemy from positions gained Saturday, restoring the situation completely. The Americans fought desperately, retiring from Seicheprey only before overpowering numbers. Berlin officially admits the fighting was severe, but claims the capture of 183 Americans and twenty-five machine guns. On Picardy and Flanders battlefields the Germans have not renewed their attacks. Meanwhile the British are being constantly reinforced by French troops. The German offensive today enters the second month without having separated the British and French.

Famous Aviator Downed.
London, April 22.—Captain Baron Von Richthofen, famous German aviator credited by Berlin with 78 aerial victories, has been brought down in the Somme valley, Reuter's British headquarters correspondent reports. The body will be buried today with military honors.

71 Names on Casualty List.
Washington, April 22.—Today's casualty list contains seventy-one names divided as follows: Killed in action, ten; died of wounds, five; died of accident, one; died of disease, four; of other causes, two; wounded severely, seven; wounded slightly, forty-two. The men killed in action were all privates.

(By the Associated Press)
Washington, April 22.—President Wilson came out today in opposition to the Chamberlain bill which would try violations of sedition laws by court martial and in a letter to Senator Overman declared his belief that the measure is unconstitutional. The president declared the bill, if enacted, would place the United States on a level with her enemies. The enactment of the Chamberlain bill has been urged as necessary to stamp out German propaganda.

**PRECAUTIONS AGAINST
TRACHOMA URGED BY OFFICER**

Oklahoma City, April 22.—While Oklahoma as a whole may be reasonably free of trachoma, there are districts where it is far too prevalent, says Dr. J. W. Duke, State Health commissioner. Many precautions have been taken by the Federal and State authorities, but the effect of these precautions depends largely upon the people of the districts in which the disease exists. The most effective measure against the disease should start in the schools, says Dr. Duke. Children naturally tend to be careless, and it is easy for the disease to spread from one to another. In this respect the attention of teachers should always be directed to the children and the first sign of the malady should be arrested.

**LIBERTY LOAN ABOVE
HALF WAY MARK**

(By the Associated Press)
Washington, April 22.—Half of the three billion dollar minimum sought for the Third Liberty Loan remains to be subscribed in the remaining days of the campaign. Early reports indicate the total that has been raised is above a billion and a half. Tabulated reports give \$1,456,555,100. The record of states shows Oklahoma subscribed forty-one percent of quota to date. Unofficial reports from the various counties show that Oklahoma has subscribed over \$30,000,000 of \$1,000,000 above her quota.

**FINE CROP PROSPECTS IN
NORTHWESTERN OKLAHOMA**

Oklahoma City, April 22.—The northwestern part of the State has been visited by good rains during the last week and spring growing crops are looking splendid, said President Frank Gault, of the State Board of Agriculture, who today returned from that section of the State. Farmers are feeling much encouraged, he said, and are anxious to produce all the feed and foodstuff they can.

Notice Masons.
Ada Lodge, A. F. & A. M., will meet at 8 o'clock (sharp) tonight for purpose of work in Fellowcraft Degree.—John Thrasher, W. M.

GERMANS LOSE SOME GROUND

BRITISH ADVANCE LINES SLIGHTLY AT SOME POINTS OF BATTLE FRONT.

(By the Associated Press)
London, April 22.—The British advanced their lines slightly last night in local operations on both the principal battle fronts, the war office announces. Gains were made near Villers, Breteux and Albert on the Somme front and at Robecq, at the tip of the Flanders salient. A strong local attack by the Germans on the front north of Albert was repulsed and the enemy had captured one of the British Advanced posts.

German Attacks Repulsed.
Paris, April 22.—German raids east of the Aire river and near Rheims were repulsed last night, the war office announces.

EDWARD F. TREFZ

An American special mission is now in Great Britain studying the food situation there at first hand for Herbert Hoover, the federal food administrator. This British official photograph shows Edward F. Trefz of the American national chamber of commerce, who is a member of the mission, holding a child while on a visit to the Poplar district of London, where the mission studied the manner of getting food to the needy.

WHOLESALE MOTOR SUPPLY HOUSE HERE

The Sterling Motor Supply Co. is a newly organized business which will establish wholesale houses at Ada and Oklahoma City carrying auto tires and accessories. The first shipment is expected to arrive this week and the company will soon have its business going. The eastern part of the state will be supplied from the Ada house and the western from the one at Oklahoma City.

J. R. Hounshell is president of the company, Joe S. Guest, vice president, O. H. Merritt, secretary-treasurer, Cutler & Holt, attorneys. For the present the company's office will occupy part of the News building.

CHANGE IN AIRCRAFT PROGRAM COMING

(By the Associated Press)
Washington, April 22.—Readjustment of the aircraft program has been definitely decided upon by the president, and Secretary Baker has been directed to carry out the changes. It is indicated that a man not heretofore mentioned will be given full charge of the production. An announcement is expected shortly.

Friendliness Pays.

C. E. CUTLER ADDRESSES
EPISCOPAL CONGREGATION

C. E. Cutler delivered a splendid address yesterday at the Episcopal church having for his subject Anglo-Saxon Culture. In eloquent words he traced the development of American and English ideals through the ages, stressing the development of our national notions, our educational advantages and shortcomings and pointing out clearly the fundamental reasons that brought us into the world war. He paid a glowing tribute to the Anglo-Saxon and his place in the scheme of world dominion.

A synopsis of this masterly address will be given in Tuesday's paper, lack of time to prepare it making it impossible today.

CAPT. J. W. VADEN

REPORTED VERY ILL
Capt. J. W. Vaden of Roff, representative of Pontotoc county in the legislature, is reported critically ill from a second stroke of paralysis. He had been to Sherman and was with his son, Clay, when stricken.

Slender Women Need Corsets

Some slender women think they need not wear corsets. Every woman should wear a corset.

The woman—be she slender or stout—who fails to wear a corset, soon develops a sagging abdomen. Besides being unsightly, this condition is unhealthy.

Bad figure lines are corrected and improved by wearing a good corset all day long.

C A LA SPIRITE B Corsets

Slender styles are made especially for slender figures. Above all, the correct style found in every C-B Corset will enable any woman to wear her clothes more gracefully.

Ada has always pursued the policy of giving all enterprises the glad hand, whether great or small. The result is that we have a fine line of industries and a big payroll, which adds untold thousands to the resources of the city annually. Another thing to be remembered is that Ada has never yet gone after anything in dead earnest than she did not land the object sought. The secret of

ECONOMIZE

whole matter is that the people are united. Factionalism never did build a town and one would have to search a long time before he could find a community as harmonious as Ada and a citizenship more ready to get behind the bandwagon and push. The slackers are too few to cause any worry.

And so the Germans would like to get an agreement out of the allies for both sides to stop using poisonous gas! The Huns were never known to make any sort of plea for humanity's sake, as this one is based upon, unless they were getting decidedly the worst of it, so this gas fighting is evidently more than they bargained for when they began the inhuman practice of using it in battle contrary to all treaties among civilized nations. Their plea will fall on deaf ears, for the word of the Germans at this time is several hundred points below par and even if such agreement were made there is no telling when the Huns would break it.

The twenty-ninth anniversary of the opening of Oklahoma to settlers finds the bands of impoverished boomers and their descendants grown into a lusty young giant of a state and reaching out to develop still more of the unlimited resources of the commonwealth, taking the lead over the older and less progressive states in all lines and, in fact, fulfilling a great mission. The Creator was unusually generous in his gifts to this state, and within its borders gathered the most wide awake people from the world over who are alive to their opportunities and not satisfied with meager achievements.

The retirement of Roy E. Stafford as editor of the Oklahoman removes a landmark from the journalistic field of the state. He came to the territory in the days of its infancy, bought the Oklahoman when it was bankrupt and had only 600 subscribers and saw it develop into the leading paper of the state with a circulation of 60,000. He has been a participant in the events which will in times to come be handed down as of great historical importance. Time and circumstances have made changes among the newspapers of Oklahoma in recent years. Frank Greer, John Easley, Sidney Sugg, Clarence Douglas, Eugene Kerr and Roy Stafford are among the leaders who have retired from the field, besides hundreds of changes in the smaller papers. It is doubtful if there are forty papers in the state under the same ownership as ten years ago.

To have a fine healthy complexion the liver must be active, the bowels regular and the blood pure. All this is brought about by using HERBINE. It thoroughly scouring the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion as much desired by ladies. Price 50c. Sold by Bart Smith, successor to Ramsey Drug Co.

Your liberality in buying War Savings Stamps indicate that you are helping the boys "over there" on to Berlin.

Old papers for sale at 5 cents per bundle at News Office.

GERMANS HAVE ENOUGH OF GAS FIGHTING PRESS ASSOCIATION MEETS MAY 24-25

London, April 22.—The German government is back of the move to induce all the belligerent nations to agree to stop the use of poison gas, declares the national war aims committee. "Having let loose this pest of modern warfare, they wish, when they see it about to devour them, to cry peace," adds the committee. This explanation is given for the movement set on foot by the International Red Cross society of Geneva to abandon the use of the gas in fighting. It is asserted that the influence of neutral powers is being enlisted to bring about this end. German pacifists in Switzerland are strongly supporting the attempt to save the Germans from receiving payment of their own coin.

Put Weapons in Allies' Hands.

"When the Germans introduced this new and deadly means of warfare," says the national war aims committee, "they put into the hands of their enemies a weapon which could be used against themselves with terrible effect. The use of poison gas in clouds is entirely dependent on the direction of the wind. A study of the meteorological records of northeastern France for a period of ten years previous to 1915 would have shown them that for every day on which the wind blows from the east or northeast, the directions necessary to allow the Germans to use gas, there are at least six days on which it blows from the west or southwest, the quarter favorable to the allies.

"It is not more than two months in the whole year are the prevailing winds favorable to the enemy and their preponderance even in those months is not so great as the preponderance of westerly winds in some of the remaining months. The allies were, of course, not slow to avail themselves of this natural advantage with results that must by now have made the German higher command bitterly rue the day that they committed what was not only a crime, but a blunder."

Allies Superior.

"The development of gas warfare became a conflict between the scientific brains and manufacturing capacities of the two sets of combatants. Time and superior industrial resources have assisted the British and the French in catching up on the original handicap and the participation of the United States in the war is about to throw the balance overwhelmingly on the allies' side. At the present moment the respirator worn by the German troops is markedly inferior in protective power to those with which the British, French and American allies are equipped. Gases which penetrate the German respirator, but not those of the allies, have already been employed by the allies with marked effect.

"On the other hand the respirators of our troops give a complete protection to the lungs and eyes against all gases hitherto used by the enemy and unremitting investigation and foresight are at work preparing for the adoption of new forms of protection to meet any future developments that may arise."

"It is at this stage that the German government is exploiting a movement for the abandonment of humanitarian grounds of gas warfare."

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. Use in man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Bart Smith, successor to Ramsey Drug Co.

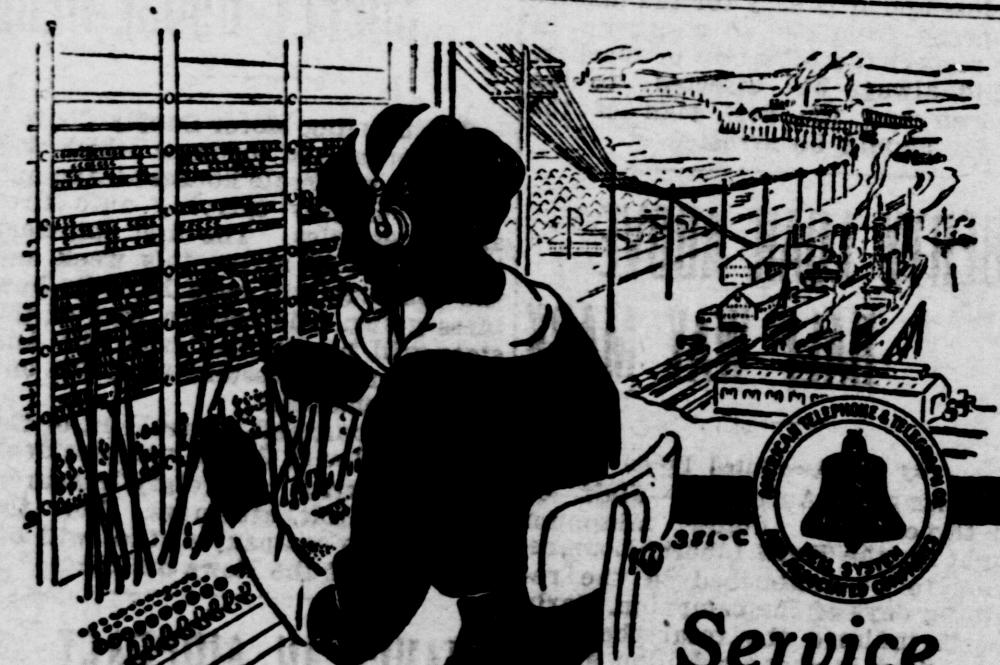

A War Savings Society is a War Club and is as essential for the promotion of thrift and savings as the old-fashioned war club was for the savage.

At Ellington field near Houston a few days ago a cadet observed an idle plane resting outside a hangar, and climbed in the seat for a short nap. The ship's engine was dead, and the only live thing about the flier was the cadet and he was soon "catching a wink." But suddenly something happened and when attendants disengaged him from beneath the machine he was taken to the hospital with a sprained ankle and numerous bruises about his head, face and body.

A gust of wind had blown the airplane upside down and in the cadet's efforts to straighten out what he mistook for a tall spin, he had landed underneath. The machine was almost a wreck.

The Royal Flying corps stationed at the British camps around Fort Worth early learned that the girl students at Texas Christian University there enjoyed their stunts and they made daily calls in that vicinity. In his eagerness to please the girls, one young Canadian airman went too low and struck a flagpole on one of the buildings. This caused him to swerve and land on the roof. The plane was demolished and the aviator badly bruised.

At Lake Charles, La., an aviator fell upon an automobile, killing its driver and wrecking the airplane. The aviator was only slightly injured.

Every American is alive to the necessity for unselfish, efficient service to the nation.

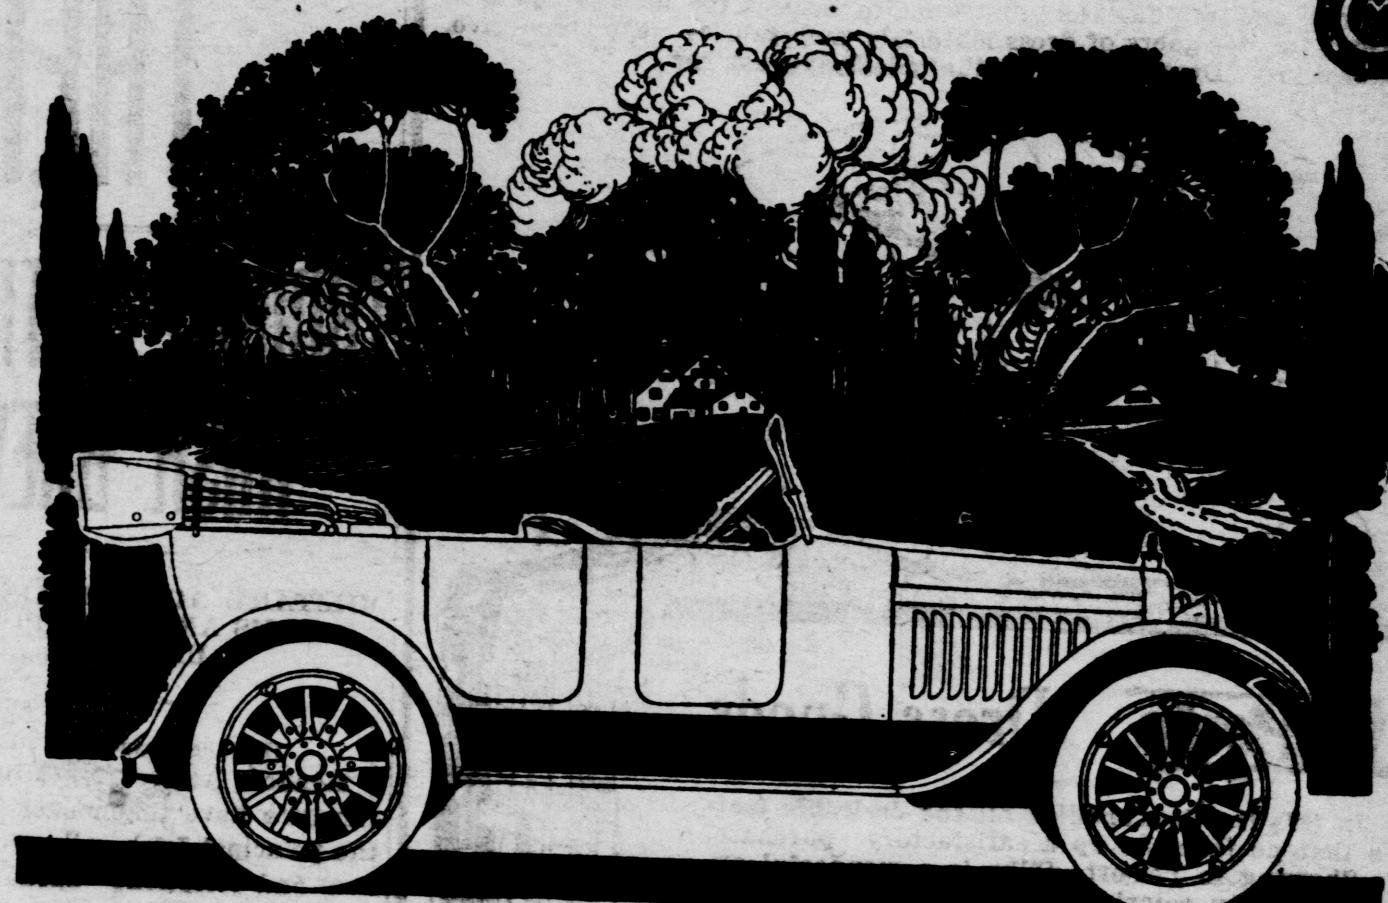

Where men once co-operated in the running of a machine or a business, whole communities and sections of the country are now developing team-play on a big scale.

In so vital a national agency as telephone communication, the necessity for co-operation is quite as positive. If the unprecedented private demand and tremendous Government requirements are to be successfully met, the public must recognize the part it should play.

The Bell Telephone operating force can be counted on. And the fuller enjoyment of the service will be realized if the public will remember always that each operator is entitled to the same consideration and plain courtesy that she would be accorded if she were addressed face to face.

Southwestern Bell Telephone Co.
ON YOUR WAY TO WORK TODAY BUY A WAR SAVINGS STAMP

An engine that translates gas into a new kind of thrilling power through the "Hot-Spot" and "Ram's-Horn" Manifold—Chalmers devices

Power to take a hill, and power to pass the other fellow are still claimed by many car makers; but here's a car that puts such expressions into the dark ages of automobiling.

It is the current Chalmers, equipped with the famous "Hot-Spot" and "Ram's-Horn" Manifold, which wrings from gas more power than was ever taken out of gas before.

But not merely brutal power (for that it has), but a newer kind, a softness of power that is as thrilling to bear witness to as the technique of a great musician.

Accomplished how? By those two great devices: a "Hot-Spot", which fairly cooks the gas, then "cracks it up fine as a powder", and the "Ram's-Horn" Manifold which "sets it down" in the combustion chambers with celerity and without disturbance.

So that when the spark touches it off, it gives nothing but power; soft, harnessed, controlled power that you will never forget once you have had its feel.

HOME GUARDS BEGIN GUN DRILL TONIGHT

local drug store.—Oklahoma State Council of Defense Garden Bureau; J. W. Bridges, Director.

WEATHER REPORT.
The weather man sees a prospect ahead for a fair day Tuesday.

The Home Guards will meet at the court house this evening at 8 o'clock, instead of at the city hall. This will be the first drill since the guns arrived and the officers will now teach the boys the manual of arms.

Besides this measurements will be taken for the uniforms which will be furnished by the county council of defense and the order placed at an early date.

A prudent mother is always on the watch for symptoms of worms in her children. Paleness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Price 25c per bottle. Sold by Bart Smith, successor to Ramsey Drug Co.

Watch the Bugs.

The potato bugs are beginning their work and the vines should be carefully watched in order to destroy the bugs before they become too numerous.

Remedies: Jarring and brushing are old methods, and of some avail in the early season, but cannot be depended on to control the insect. The very best mixture for this insect is the arsenate of lead spray, which consists of one-fourth pound of arsenate of lead to six gallons of water.

The Brodeaux mixture, is composed of four lbs. of blue stone, four lbs. lime, with three lbs. of lead arsenate to fifty gallons of water, will control both insects and diseases.

The adult potato beetle is a round-bodied, yellowish beetle about one-fourth inch long, having ten black stripes on the wing covers. It deposits orange colored eggs, in groups on the under side of the leaves, which hatch in from six to ten days.

Aphids (Plant Lice). Watch for the plant lice on your cabbage and similar plants. A commercial preparation known as blackleaf 40 is one of the best sprays to use. This may be obtained at your

DR. WILEY SUGGESTS ELECTRIC FAN FOR BABY

This authority on food and health, discussing in good Housekeeping, means for reducing infant mortality, said:

"...the fan is an excellent apparatus for mitigating the suffering from heat. Air in motion carries away rapidly from the body, heat that it absorbs or that is radiated into it. No cooling process of this kind can diminish the natural warmth of the body, but it can minimize the discomfort that the infant must endure from stagnant air. It is well that the current of the fan be not directly on the infant's body, but over it or to one side."

Have an Emerson Fan in every room for real convenience and comfort.

STATEMENT OF OWNERSHIP.
Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

of Ada Evening News, published daily, at Ada, Oklahoma, for April 1, 1918.

State of Oklahoma,

County of Pontotoc—ss.

Before me, a Justice of the Peace in and for the State and county aforesaid, personally appeared W. D. Little, who, having been duly sworn according to law, deposes and says that he is the Associate Editor of the Ada Evening News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, News Publishing and Printing Co., Ada, Oklahoma; Editor, Byron Norrell, Ada, Oklahoma; Managing Editor, Byron Norrell, Ada, Oklahoma; Business Manager, Miles Grigsby, Ada, Oklahoma.

2. That the owners are:

News Publishing & Printing Co., Ada, Oklahoma; Byron Norrell, Ada, Oklahoma; W. D. Little, Ada, Okla.; Miles Grigsby, Ada, Okla.; W. C. Duncan, Ada, Okla.; J. F. McKeel, Ada, Okla.; Chas. H. Frierson, Houston, Texas; Geo. S. Frierson, Muskogee, Okla.; Otis B. Weaver, Shawnee, Okla.; Adam L. Beck, New Castle, Ind.

3. That the known bondholders, mortgagees, and other security hold-

ers owning or holding 1 per cent of the total amount of bonds, mortgages, or other securities are: H. R. Snyder; Intertype Corporation.

4. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is: 2,298.

W. D. LITTLE,
Associate Editor.

Sworn to and subscribed before me this 16th day of April, 1918.

Justice of the Peace.

King Rene's Daughter.
On the evening of April 30 at 8:30 p. m., Miss Keller of the Normal's Musical department, will present King Rene's Daughter, a charming cantata of the light opera type, being an adaption of one of Henry Hertz's dramas.

This is a cantata for women's voices and fifty of the choicest voices of the normal school will take part in the choruses.

The resistances and arias will be done by Miss Mentzer, Miss Ringer and Mrs. Nelle Morrison. Several duets will be sung by Misses Mentzer and Ringer. A sextette will be rendered by Misses Mentzer, Ringer, Edmiston, Kerr, Manville and Callie Brown.

The Red Cross musical unit will get all the proceeds of this entertainment. The money will go direct to France to furnish music and other entertainment for the soldier boys there.

All who heard the "Little Tycoon" some time back, which was presented under Miss Keller's direction will be eager, we are sure, to hear this cantata presented by the same director.

ADA AFTER BIG PACKING PLANT

MILLION DOLLAR CONCERN TO
LOCATE SOMEWHERE IN
OKLAHOMA.

Sec. O. N. Walker of the Chamber of Commerce is in receipt of a communication from a responsible source stating that a corporation capitalized at \$1,000,000 is to locate a meat packing house, canning, pickling and preserving fruits and vegetables, storage of poultry, eggs and other farm products. The company is not calling for a bonus but is looking for the city best suited to its line of business. It will employ about 300 people.

Mr. Walker has lost no time in forwarding a full line of information concerning Ada and this part of the state and with many advantages offered by this city there is no reason why it should not be favorably considered.

Organ Concert.

The concert Sunday afternoon by Prof. Morris was the first of its kind for a Sunday afternoon. Quite a large audience seized the opportunity to enjoy the program. The audience overflowed from the main auditorium into the Sunday school room and balcony.

Prof. Morris' playing was received with enjoyment. Especially were his legato, phrasing and registration pleasing and artistic. His melody in "a" and Couzettta were perhaps the most enjoyed. The Funeral March also received unusual comment.

The Morris Violin Quartet elicited enthusiastic comment. Owing to the nature of the program no applause could be given, but pleasure is a mild term to describe the way in which these numbers were received. The Quartet is composed of Mrs. Morris and her pupils, Elizabeth Cain, Lenore Alred and Doris Bullock. The ensemble was remarkable, the bowing always perfect, keeping together unusually well. Mrs. Morris was heard to remark she would be glad for any musician in any city to have heard the quartet as they played yesterday.

Violet Moore, Reader, acquitted herself quite well. Her enunciation, diction, poise and interpretation enabled her to successfully reach her hearers.

The audience was not only large, but unusually generous, a goodly sum being given for the Red Cross. Mr. and Mrs. Morris have a brother on the front in France. This concert was "their bit" in the interest of the Red Cross.

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read
Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my house work again."—Mrs. P. B. Thayer.

We guarantee Vinol for chronic coughs, colds, bronchitis, because it is a constitutional cod liver and iron remedy. Formula on every bottle.

GWIN & MAYS CO., DRUGGISTS,
ADA, OKLAHOMA

MATTER OF HOME GUARD COMPANY

Sec. O. N. Walker of the chamber of commerce is in receipt of a letter from Col. H. M. Pentecost, commander of the regiment of national guards being organized in the state relative to a company at Ada, stating that he has requested John P. Crawford to take up the work of enrolling 150 men in a company he wishes organized at Ada. The new regiment will be composed of men from the ages of 18 to 45.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 50. Sold by Bart Smith, successor to Ramsey Drug Co.

Notice—Cash.

I am forced to place my garage on a strictly cash basis. I have only first class A-1 mechanics. I have cut out all helpers. It costs money to pay these men, buy parts, and materials. So please bring along the money. I thank you.—Grant Irwin Garage.

SHAWNEE WINS FIRST HONORS

RESULTS OF DISTRICT TRACK
MEET SATURDAY AFTER-
NOON AT ADA.

Shawnee won the first honors at the East Central district track and field meet held at Ada Friday and Saturday, making 54 points. Canyon Springs, a rural school in the southern part of Pontotoc county, ranked second with 31 points. L. Norman of this school was the best all around athlete. Few high records were made, due to the cold norther blowing at the time.

Following are the results of Saturday afternoon's events:

100-yard dash, Williams, Shawnee; S. I. Boles, Shawnee; Cox, Wapanucka; time, 11.2.

220-yard dash, Bowles, Shawnee; Williams, Shawnee; Tener, Shawnee; time, 24.2.

440-yard dash, Tener, Shawnee; Boswell, Shawnee Van Pelt, Okmulgee; time, one minute.

220 low hurdles, Stoltz, Shawnee; E. Norman, Canyon Springs, Sutherland, Center; time, 30 seconds.

120-yard hurdles, E. Norman, Canyon Springs; Stoltz, Shawnee; Gibson, Wapanucka; time, 17.2.

330-yard run, Boswell, Shawnee; Bates, Stonewall; Sutherland, Center; time, 2.23.

Mile run, Boswell, Shawnee; Oliphant, Tishomingo; Sutherland, Center; time, 5.29.

Discus, L. Norman, Canyon Springs Kerr, Adag; Ricketts, Center; distance, 73 feet, 4 inches.

Shot put, L. Norman, Canyon Springs; Jones, Shawnee; Kerr, Ada; distance, 36 feet, 9 inches.

Pole vault, E. Norman, Canyon Springs; Gibson, Wapanucka; Cox, Wapanucka; height, 10 feet, 3 inches.

Hight jump, Gibson, Wapanucka; Jones, Shawnee; Ricketts, Center; height 4 feet, 11 inches.

Broad jump, E. Norman, Canyon Springs; L. Norman, Canyon Springs; Gibson, Wapanucka; distance, 17 feet 11 inches.

Relay, Shawnee.

Total, Shawnee, 54; Canyon Springs, 31; Wapanucka, 12; Center, 5; Ada, 4; Stonewall, 3; Tishomingo, 3; Okemah, 1.

LET HIM LIVE.

As long as flowers their perfume give, So long I'd let the Kaiser live— Live and live for a million years, With nothing to drink but Belgian tears, With nothing to quench his awful thirst, But the salted brine of a Scotchman's curse.

I would let him live on a dinner each day Served from silver on a golden tray— Served with things both dainty and sweet, Served with everything but things to eat.

And I'd make him a bed of silken sheer, With costly linens to lie between, With covers of down and fillets of lace,

And downy pillows piled in place, Yet when its comfort he would yield, It would stink with rot of the battle field,

And blood and bones and brains of men, Should cover him, smother him—and then His pillows should cling with the rotten cloy—

Cloy from the graves of a soldier boy, And while God's stars their vigils keep,

And while the waves and white sands sweep, He should never, never, never sleep.

And through all the days, through all the years,

There should be an anthem in his ears,

Ringing and singing and never done

From the edge of light to the set of sun.

Moaning and moaning and moaning wild,

A ravaged French girl's bastard child. Savings Stamp taken same as money. Talk is free, come and see.

And I would build him a castle by the sea,

As lovely a castle as ever could be, Then I'd show him a ship from over the sea,

As fine a ship as ever could be,

Laden with water cold and sweet,

Laden with everything good to eat,

Yet scarce does she touch the silvered sands,

Scarce may he reach his eager hands,

Than a rot and hellish molded shell,

Should change his heaven into a hell,

And though he watched on the wave swept shore,

Our Lusitania would rise no more.

In "No Man's Land," where the Irish fell,

I'd start the Kaiser a private hell,

I'd jab him, stab him, give him gas;

In every wound I'd pour ground glass;

I'd march him out where the brave boys died—

Out past the lads they crucified.

In the fearful gloom of his living tomb,

There is one thing that I would do before I was through;

I'd make him sing in a stirring manner,

The wonderful words of "The Star-Spangled Banner."

—Van Amburgh in The Silent Partner.

DESIRABLE OCCUPATION

We are moving to our new office and our vacation season begins soon. We are going to start a class in telephone operating with Miss Minnie Neims, instructor in charge. The work is very interesting and the working conditions are favorable. We pay \$6.00 per week (of six days) during the four weeks' training period. A substantial increase is given at the end of this period, and regular increases thereafter.

Come up and talk with Miss Ethel Tarkenton, Chief Operator, about the opportunities.—The Southwest Bell Telephone Co.

The Big Tent Theater Tonight.

Dubinsky Bros. open their week's engagement in the big water proof tent tonight on the Ada Compress grounds in the great White Slave play "The Girl He Couldn't Buy."

Everyone knows Dubinsky Bros. and are always sure of a good show. This season as an extra attraction they have Miss Rea Nye the Mystery Girl, the most wonderful mind reading act on the stage today. Ask her a question—she will answer it. Six big vaudeville acts and Dubinsky's Ladies' Orchestra between acts making a continuous show from 7:45 to 10:30 p. m. So be there early and get a good seat.

Let a Want Ad get it for you.

QUALITY SHOP

EVERYBODY'S STORE

The Largest Exclusive Men's and Boys' Store in East Central Okla.

Plan Your War Garden Now,
Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

N CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partisanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. MCADOO,

Secretary of the Treasury.

LIBERTY.

Bobby "Possum" Jarvis and his company open an engagement this evening and the program will prove unusually interesting. Extra good vaudeville specialties. The picture program presents Harold Lockwood in the drama, "The Square Deceiver."

MAJESTIC.

"The Follies Militaire," consisting of 25 soldiers from Kelly Aviation field, 12 San Antonio society girls and the famous Kelly field orchestra are featured in 8 splendid acts of vaudeville. All are professionals and the show promises to be one of the best events of the year.

XX Century Housewives League

The tea given at Mrs. T. E. Brents' on last Tuesday was only fairly well attended, considering the worthy purpose for which it was given. But we will be able to make at least one payment from the proceeds on our Liberty Bond.

The Club will hold its regular meeting, Tuesday, April 23, at the Christian church and the program will be the last for the club year, as the next meeting will be given over to the annual election. Every member of the League is a Red Cross member and worker and besides contributes to all war activities and only recently gave a dollar per member to assist the General Federation in raising one half million dollars to build and maintain four furlough houses in Southern France for our American boys "over there," and your boy may seek this haven of rest after weary weeks on the battle front in the next six months. An Oklahoma woman is being considered as hostess for one of these homes. You probably have not given to help establish these homes, but won't you attend the splendid entertainment to be given by Miss Lillian Lawson at the Christian church on the evening of the 26th, to help her finish her education at the State university? She may be one of the young women who will entertain your boy in France next year, as she goes as a Y.M.C.A. worker. Miss McRuer will assist Miss Lawson in the entertainment Friday evening, and she is a charming whistler and a member of the University Glee Club.

Our league has and is doing its best to create a healthy public sentiment and to promote high ideals. We realize that the value of one person's work is steadily diminishing and that two great factors of modern civilization are co-operation and centralization. It is the great associate mind that moves the world and we are proud to be a part of a great association of women of nearly three million in the United States.

OKLAHOMA GOES OVER THE TOP

Oklahoma City, April 22.—The state of Oklahoma has oversubscribed its quota to the third Liberty loan. Reports received by the Oklahoman and headquarters of the Liberty bond committee show that a total of \$30,900,750 has been subscribed in the state, while Oklahoma's quota is \$29,033,200. The state's subscriptions will go far beyond this total, however for local committees promise to carry on the campaign until May 4 and it is known that a number of counties have bought more bonds than have actually been reported.

Fifty-two Counties Over.

Fifty-two counties in all, have oversubscribed their quotas. They are Craig, Delaware, Mayes, Pawnee, Ottawa, Rogers, Tulsa, Washington, Muskogee, Cherokee, Haskell, Hughes, Latimer, LeFlore, McIntosh, Pittsburg, Sequoyah, Blaine, Canadian, Cleveland, Logan, McClain, Oklahoma, Pontotoc, Payne, Pottawatomie, Seminole, Alfalfa, Garfield, Grant, Kay, Kingfisher, Major, Noble, Caddo, Green, Comanche, Grady, Jackson, Harmon, Beaver, Cimarron, Dewey, Texas, Custer, Roger Mills, Washita, Carter, Garvin, Love, Coal and McCurtain.

At the time reports were assembled a week ago, only twenty-six counties had oversubscribed. A number of those which went over during the past week had delayed their campaigns a week.

Claims Improvement in Violin.

A patent recently granted to an Illinois inventor covers a radical departure in the design of the violin, the body of which is cylindrical in shape and much more compact than the old-time instrument. The sound post and bass-bar in a modified form are necessarily retained. The instrument is provided with a chin rest so shaped as to be extended laterally while in use and of folding against the instrument when not in use. The appearance of the violin is most extraordinary, but it is said that the quality and volume of tone is the equal of that found in hand-made violins of conventional construction. The peculiar form involves a simplification in the mode of manufacture and admits of instruments being made almost wholly by machinery, while still possessing excellent tone quality.

"Only the Echo Answered."

"I know what I am," asserted a dusky young Nashville belle in answer to an extended and caustic reprimand from her mother, who had been vexed by her daughter's flaunting defiance of certain social conventions.

"I know what you think," was the quipping rejoinder. "But what about when you think?"

How Motors Helped Out All the Way.
Several times during the war motor-driven vehicles have dramatically saved the day for the allies. Hordes of London motorbuses carried "Pompeys" to and from the battlefields in the early, anxious days of the war. The swift transportation by taxi of the army defending Paris helped to win the victory of the Marne. Thousands of motors rushed the Polish to the saving of Verdun. Now comes the victory at Gaza, in which tanks played a prominent part and of which it was long ago written, in the Book of Judges, that, though the tribe of Judah took the city, it could not drive out the inhabitants of the valley because they had "chariots of iron." Thanks to these modern "iron chariots," the "tanks," the odds have at last favored the invaders. The "Philistines" have been cleared out by the onslaught of the "tanks" on the sands, and the attack of the monitors on the shores of Gaza.

THE CHEERFUL CHERUB

My, aren't shoes the costly things!
I bought a pair today.

And now you know the reason why I have to dress this way.

—Kathy.

Oriental Ruby.
The oriental ruby consists of nearly pure alumina—i. e., oxide of aluminum—in a crystalline form, containing but 1 per cent of oxide of iron and one-half of 1 per cent of any other substance. The specific gravity of this precious stone is higher than that of many other gems, ranging from 3.9 to 4.2. Aluminum, the metal, has, when cast, a density of 2.56; when forged, of 2.67, or only one-third of that of forged steel or a fourth of that of silver. The melting point is about 1,800 degrees Fahrenheit.

Never.

We've noticed one thing. Spontaneous combustion never starts a fire in the kitchen stove.—Browning's Magazine.

Ladies...

Don't fail to get a glimpse of the goods we are showing in your window.

These materials were a lucky find and when they are sold we will not be able to get any more like them, so if you want something good—pretty and up to the minute you had better come early or you may regret it.

Gentlemen

Have you done your spring trading yet—See the display we are showing in your window—if you don't see what you want—come inside and ask for it.

MOSER'S Dept. Store

112 E. Main St.

D. Sewell and Joe Hardin and report that all the boys are well pleased with camp life as they found it. They found the camp a beautiful place. Flowers have been planted and everywhere there is perfect order and sanitation.

The News made a bad break Saturday in risking a guess at the weather, every indication pointing to a killing frost, when only a moderate one was in evidence Sunday morning. There was no need for the News to risk its reputation in this way, for no one connected with it is a newcomer, but it looked mighty like a frost when the thermometer did not rise above 40 all day.

Notice, Ladies
Miss Haney, representative of the educational department of the International Harvester company will be in Ada tomorrow and will give an address to the Housewives League at the Christian church at 3 o'clock in the afternoon.

All the ladies of the town are urged to come and hear what Miss Haney has to tell. She is a speaker of prominence and it will be well worth your time to hear her.

Don't Slow Up Advertising Now!

Never has there been a time when the public has looked more keenly for MERCHANDISING NEWS than now.

Never has there been a time more auspicious for the enterprising tradesman to secure HIS FULL SHARE OF TRADE than now.

People must continue to eat, to wear and to use.

The tendency is to cut out luxuries, and luxuries are only a relatively small proportion of your business. For every luxury cut out you have a chance to increase your movement of staples.

How short-sighted is the policy of reducing advertising expense to "save money." You will only lose trade. You will only lose prestige.

Advertise to increase sales and make more money;

don't cut it out to save money.

Study your advertising as you never did before—do it wisely and well.

Be prosperous and let the people know that you are prosperous.

Success was NEVER achieved by stopping advertising or by wearing old clothes and talking pessimism.

Be Wise—and Advertise

AMERICAN NAVY ELIMINATES WASTE

Slicing Bacon on Battleship

ACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galley every effort is made to eliminate waste.

In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage.

Fat is needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war.

Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin.

There is a sufficient quantity of po-

atoes in America for greater use in every home and for all needs of army and navy. Eat more potatoes, eat less wheat.

Let a Want Ad get it for you.
